

ASSEMBLY INSTRUCTIONS

STEP 1

Ensure that your parcel contains the following parts before proceeding with assembly:

Item	Picture	Quantity
Castor		4
Connecting Lock		16
Connecting Bolt		16
Caster Screw		16
Adjustable Shelf Fixing		4

1 x Left Hand Side

1 x Right Hand Side

1 x Centre Divider
(will have holes both sides)

1 x Back
(will have no edge banding)

1 x Fixed Shelf
(will have edge banding on the two long edges)

1 x Adjustable Shelf

1 x Bottom
(will have 16 small holes on the reverse)

STEP 2

Screw Connecting Bolts into the following holes. The thread at the base of the bolt should be fully screwed into the holes.

1 x Left Hand Side

1 x Right Hand Side

screw in to this point

1 x Bottom
(will have 16 small holes on the reverse)

1 x Fixed Shelf
(will have edge banding on the two long edges)

STEP 3

Insert Connecting Locks into the following holes with the arrow pointing towards the edge.

STEP 4

Attach the fixed shelf to the centre divider by inserting the cam bolts which you have attached to the shelf into the holes in the edges of the top of the centre divider and tightening the cam locks (turn the cam lock fully until it stops).

STEP 5

Attach the left side to the fixed shelf and the back by inserting the cam bolts which you have attached to the side into the holes in the edges of the back and shelf and tightening the cam locks (turn the cam lock fully until it stops). Then repeat with the right side.

STEP 6

Attach the base to the sides and centre divider by inserting the cam bolts which you have attached to the base into the holes in the edges of the sides and centre divider and tightening the cam locks (turn the cam lock fully until it stops). Then repeat with the right side.

STEP 7

Decide on where you want the adjustable shelf and screw the adjustable shelf fixing screws into the appropriate holes. Then place your shelf onto the screws and if you wish to secure it in place turn the locking screw in the fitting on the shelf.

Attach the casters to the base using the screws provided. Align them to the pre drilled holes in the base

Finally fit your drawers or shelves into the Tuckaway using the pegs or runners provided. Please note you do NOT need to use runners for the bottom drawer.
